

Dear «Name»,

I hope this email finds you well.

I am Narjes Bessghaier, a PhD student in Software Engineering at École de Technologie Supérieure in Montreal, University of Quebec, Canada doing research on Infrastructure-as-Code (IaC). Through this email, we would like to invite you to participate in a brief survey on IaC best practices. The survey is available in the following Google Form: <https://forms.gle/qFM4aXprbTNnUb6EA>

We are reaching out to you, since you are one of the core reviewers of IaC code in OpenStack, participating in «Number» code reviews related to IaC until June 2021.

**Survey Details:**

Time required: This survey will take approximately 10 to 15 minutes of your time.

Purpose: The survey's primary objective is to evaluate the relevance of IaC best practices.

Developer-focused: It is designed to provide insights that will benefit developers by offering a checklist of recommended IaC best practices.

Your expertise: Your experience and knowledge in this field are essential for ensuring the survey's quality.

**Confidentiality:** we assure you that your responses will remain anonymous. They will be used solely for statistical analysis and will be examined in an aggregated and anonymous format.

We highly value your input and we genuinely appreciate your time.

Thank you for considering our request, and we look forward to your valuable input.

Best regards,

-----  
Narjes Bessghaier  
Ph.D. student in Software Engineering
